

QUALITY POLICY

Zakład Rolniczo – Przemysłowy „Farmutil HS” S.A. strives to maintain its leading position in the processing of animal by-products, including the production of processed animal protein, meat and bone meal and animal fats on the domestic market, and to gradually increase its share in foreign markets.

We guarantee that all our activities and products meet the requirements of legal regulations in force in the country and in the European Union and other requirements of interested parties.

When implementing our Quality Policy, we have in mind, first of all, meeting the expectations of our customers regarding efficient and comprehensive service and high quality of manufactured products.

In order to achieve the following objectives, we have implemented and are constantly improving a quality management system in accordance with the international standard ISO 9001:2015.

The general objectives of the ZRP "Farmutil HS" S.A. are:

- Meeting the requirements and expectations of customers through continuous improvement of the quality of services and products.
- Continuous development of technologies and technical solutions used, in accordance with the Best Available Techniques (BAT).
- Expansion of product sales markets through the implementation of new standards increasing the quality and guarantee of safety of the products and services offered.
- Increasing the reach of the organization by creating new branches.
- Investing in staff and creating an employee-friendly organization.

We attach great importance to strengthening quality awareness among employees and knowledge about their role and place in the quality management system.

The Quality Policy has been established by the company's top management, and all employees know its content and implement the resulting goals and assumptions.
